

The Unsinkable Illusion

Finding True Security in the Perfect Rule of God.

Insights from Psalm 33:12-22 | Pastor Ken Cameron

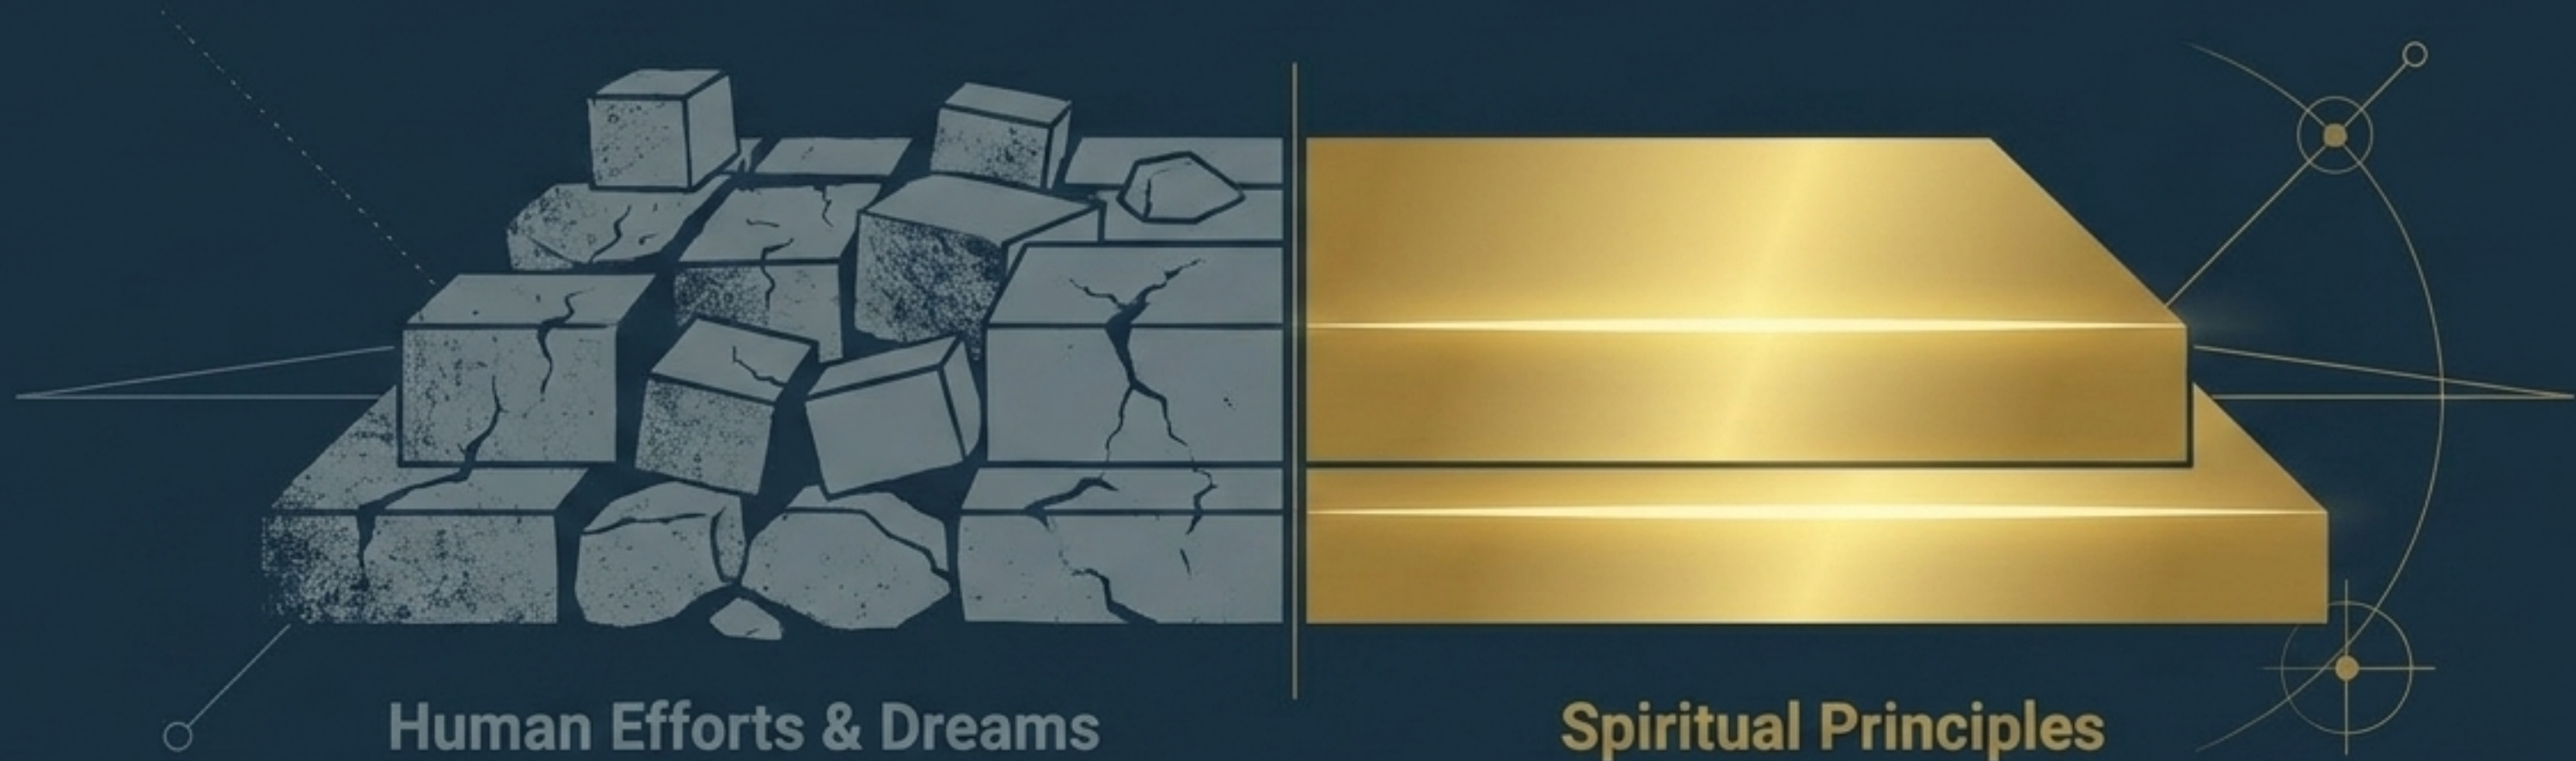

Faith Outlasts Empires

In an atheistic Soviet society, an old woman on a bus is told she must thank the government, not God. "You should say, thank Stalin," a passenger corrects her. She agrees, but asks a quiet question: "Comrade, what shall we say when our leader Stalin dies?" The man replies without missing a beat: "Thank God." "Thank God."

Powerful leaders and great empires will always come and go. Ultimately, faith and trust in God will outlast them all.

The Two Foundations of a Nation

A nation is truly successful only when it builds its foundation on spiritual principles, bringing a deep sense of purpose and joy to its citizens.

“Blessed is the nation whose God is the Lord, the people he has chosen to be his own possession.” — Psalm 33:12

The 5 Pillars of Divine Perfection

The Watchtower of Heaven

God Rules (Perfect Plans): God works out His divine plan using all—from King Nebuchadnezzar to the Roman Emperor Nero—to shape history. Ultimate authority rests in Heaven, not on earth.

God Sees (Perfect Knowledge):

From heaven, God gazes intently on the earth. He is currently staring into the Oval Office, the Kremlin, the office of President Xi Jinping, the strategy rooms of the Iranian army, and the living room of Kim Jong-il.

“Nothing in all creation is hidden from God’s sight.” — Hebrews 4:13

The Illusion of Human Strength

U.S. military spending grew from 30% of the world budget in 1985 to 48% in 2005. Last year, it exceeded the combined spending of the next six largest powers (China, Russia, Germany, India, UK, Ukraine).

**“A king is not saved by a large army... The horse is a false hope for safety.”
(Psalm 33:16-17)**

Throwing money at military power cannot save a country rotting from within.

Human Power vs. Divine Sovereignty

	Human Power	Divine Sovereignty
Source of Intel	Paranoia, assumed traitors, and espionage.	God revealing bedroom secrets directly to Elisha against the King of Aram.
Mechanism of Victory	Advanced technology, horses, and trillions in military budgets.	Unseen heavenly forces and chariots of fire (2 Kings 6).
Cause of Collapse	Defeated by the massive external armies of an enemy.	Moral decay, greed, and corruption rotting the empire from the inside out.

The Dual Action of Waiting

Perfect Love: God withheld nothing from us, not even His own Son (Romans 8). Because His love is perfect, we must understand His response.

Wait **ON** God

Come into His presence. Bring your trials, financial troubles, and unsaved family members to Him. Worship and adore Him.

Wait **FOR** God

God does not always grant instant deliverance. We cannot dictate how or when He acts. Trust His timing, because God's delays are not denials.

The Titanic Syndrome

The Illusion:

In April 1912, the Titanic was deemed "unsinkable" due to a double-layered bottom and 16 watertight compartments.

The Deadly Mistake:

This absolute engineering confidence caused the crew to let their guard down. When they struck the iceberg, a 300-foot gash flooded five compartments (only four could flood safely).

The Result:

Over 1,500 lives were lost because they trusted entirely in human design.

Asleep at the Wheel

- **The Forgotten Tragedy:**

The ship Californian was less than 20 miles away from the sinking Titanic and could have rushed to the rescue. But its radio operator had fallen asleep during his shift, missing the desperate distress signals.

- **The Cultural Warning:**

If our nation is headed toward disaster, will we be caught sleeping like that radio operator?

- **The True Solution:**

The ultimate solution to chaos and decay is not found in politics or military power. It is found only in spiritual renewal.

To find true security,
you must shift your trust
away from your own strength
and put it completely in God.

The Spiritual Renewal Playbook: 5 Ways to Align Your Life with God Today

The Alignment Playbook (Part I)

01

Change Your Focus.

Stop relying on your own money. Stop leaning on your own talents and abilities. Stop grabbing for power to somehow feel safe. Real rescue comes only from God.

02

Show True Respect.

Live with humility. Respect God's absolute authority over your life and keep your hope in His everlasting love, knowing He watches over those who trust Him.

The Alignment Playbook (Part II)

03

Be Patient.

Instead of rushing around in a panic when things go wrong in the world, slow down. Wait for God and let Him be your helper in your current situation.

04

Fix Your Attitude.

Reject the chaos. Jump on Facebook for five minutes and you see the whining, anger, bitterness, and hatred. Choose to find your joy in God rather than letting temporary world problems control your happiness.

The Ultimate Action

05

Pray. It should be the first in our actions,
and the last thing in our remembrance.

**“May your faithful love rest on us, Lord, for
we put our hope in you.” — Psalm 33:22**
